THE TIMES-GAZETTE, REDWOOD CITY, CALIFORNIA, FRIDAY, JULY 9, 1937

ESTABLISHED IN 1859

Assessment Rolls Gain Five Millions

County Property Value To Be \$111,950,000 With Utilities

Up nearly \$5,000,000 over last year, the value of property in San Mateo county was fixed there by Assessor Daniel P. Flynn at \$98,806,330, exclusive of utilities.

This sum was approved by the board of supervisors at a special morning meeting. They were to meet this afternoon as a board of equalization to hear possible complaints on the assessments, however, which will not be fixed definitely until the state board of equalization approves them in August.

The assessor estimates utilities' properties will add another \$12,000,000, as compared to \$11,588,160 last year, to bring the total value of county holdings to approximately \$111,950,760.

Last year the county valuation was \$93,904,890, without utilities.

TO ADD TAX RATE

The increase in valuation, besides marking growth in the county, will reflect favorably in the tax rate next year, since there will be more property value to be taxed.

San Mateo, with a gain of \$1,179,285 over 1936 values, showed the largest increase of the peninsula communities. Burlingame, with a rise of \$712,625, was second, with Hillsborough's \$501,455 growth third and Redwood City's \$403,580 increase fourth.

The following figures present the complete valuation picture of the county, with 1937 values being given first, then the values as fixed last year, and the comparative gain or loss.

BAYSHORE CITY LOSS

Bayshore City, \$270,075, \$299,945, loss \$29,870; San Bruno, \$243,645, \$230,710, gain \$12,935; Daly City, \$3,752,325, \$3,635,285, \$117,040; San Carlos, \$2,002,675, \$1,852,310, \$150,365; Burlingame, \$1,731,500, \$1,618,875, \$112,625; Redwood City, \$6,785,260, \$6,381,410, \$403,850.

San Mateo, \$13,650,870, \$12,471,585, \$1,179,285; South San Francisco, \$4,959,060, \$4,833,650, \$125,410; Hillsborough, \$1,584,645, \$1,083,190, \$501,455; Atherton, \$4,749,485, \$4,594,515, \$154,970; Menlo Park, \$1,794,145, \$1,680,860, \$113,285; Landwale, \$633,390, \$632,945, \$445; Belmont, \$1,065,695, and \$983,540, \$82,155.

Unincorporated cities' valuation increased from \$32,129,770 to \$33,384,560.

TOTAL VALUE 223 MILLION

All these figures are based on the usual assessment of 50 per cent of the actual value of the property, indicating that the actual total value of the county property is nearer \$223,901,520, according to Flynn.

Solvent credits, non-assessable, were figured by Flynn at \$1,144,430.

The supervisors will continue for two weeks to meet each afternoon as a board of equalization to hear complaints on the assessments.

Four of the stallions standing at the C. V. Whitney farm in Kentucky are home-bred, namely Equipoise, Boojum, Whichone and Halcyon.

Identity Sought Of Mystery Body; Murder Ruled Out

With murder ruled out by the verdict of an autopsy surgeon that the body discovered yesterday near Salada Beach was a drowning victim, authorities turned today to a peculiar ring and expensive dentistry as their best clues to identity of the man.

Dr. W. G. Lynch of Daly City, performing an autopsy this morning, found the cause of death to have been drowning, with the body having been in the water from two to three weeks.

A green jade arrowhead ring, set in silver, provided one of the most tangible clues to possible identification of the victim, described as about 55 years of age, 6 feet tall, weighing 185 pounds, and probably bald.

This ring, however, also provided the first wrong clue to identity of the victim.

H. Langan, brother of Kenneth (Continued from Page 1)

Langan, 20, San Francisco bond salesman who was swept to his death two weeks ago in the surf off Fleishacker pool, notified Coroner William Crosby's office that the corpse might be that of his brother.

Langan said his brother was wearing a ring similar to the one found on the corpse.

This possibility was ruled out, however, when the autopsy showed the man to be many years older than young Langan.

Dr. Lynch said he believed several teeth missing from the man's jaw had been knocked out by the body's bumping on rocks. A dental chart was to be made in the hope that expensive dentistry in the man's mouth might be recognized by some dentist.

The corpse was found by Kenneth Lloyd, 37, as he exercised greyhounds on the beach north of Salada Beach.

Possibility that the body might be that of John E. Hogan, missing San Francisco chief dispatcher for the International Longshoremen's Association, was considered remote since Hogan disappeared last April. The body was that of a man of about Hogan's size, however, but could only have been his had he been alive until a fortnight or so ago.

Dan John Carson, 37, Local Farmer, Dies

Resident of Redwood City for the past 14 years, Dan John Carson, 37, a farmer, passed away early Sunday at his home, 529 Madison avenue.

Surviving are his mother, Mrs. Effie Carson, of the same address, and two sisters, Mrs. Dan A. MacDonald and Mrs. K. A. MacDonald, both of Redwood City.

Elder Flood's Estate Finally Gets Clear Title

James C. Flood, one of California's wealthiest and most glamorous characters, died in 1889 in Heidelberg, Germany.

But not until Wednesday was the former bonanza king's estate finally settled.

Mura Stillson, deputy of County Clerk E. B. Hinman, filed a deed with County Recorder T. Clark Rice, opening the way for recording of clear titles to thousands of acres of land in Atherton, San Francisco and San Diego.

Miss Stillson said that either through oversight or intention the deed was never filed, transferring the property from Flood, who died worth \$2,231,955, to his heirs: his widow, Mrs. Mary E. Flood; his daughter, Mrs. Cora J. Flood, and son, James L. Flood, who died a decade ago, the latter's death precipitating one of the most famous court suits in peninsula history.

It was not until recently, when formation of the Lindenwood tract in Atherton and other Flood land deals took place, that it became necessary for the Flood Realty Company to see that the legal title to the properties was formally recorded.

Fire Law Asked To Balk Blazes In Forest Area

Repetition of Disaster Would Be Avoided Under Measure

A proposed county ordinance designed to prevent recurrence of such a fire as the disastrous blaze which last year struck the Big Basin-Butano region in Southern San Mateo county was proposed to the board of supervisors Wednesday.

Presented to the board by Winfield Scott of Atherton, member of the state forestry board and manager of the Butano Park Association, the ordinance includes general principles as to fire prevention, fire suppression and logging practices.

Among provisions is one that slash can be burned only after the first soaking rains of the fall and before May of the ensuing year. Another makes it mandatory for operators to keep fire prevention and fire-fighting tools on hand.

RE-FORESTATION PLANNED

To insure re-forestation, the ordinance provides that seed trees must be left in cut-over land, and the operators are required to maintain their cut-over ground in such condition that the average annual loss by fire in cut-over land will not exceed 1 per cent of the total area.

Provision is also made for the establishment of a code of rules and regulations for all operators. The code is to be drawn by the county's fire warden, agricultural commissioner and planning commission engineer, and approved by the supervisors. The code is to cover details in enforcing the general principles laid down by the ordinance.

The proposed ordinance was drawn by a group of forest-minded men including L. A. Barrett of Belmont, retired U. S. Forest Service official chairman; State Forester M. B. Pratt of Sacramento; Prof. Emanuel Fritz of Berkeley, technical adviser of the California Redwood Association; S. R. Black of San Francisco, manager of the California Forest Protective Association; Edward Blockley, superintendent of Shrine Grove, and Fire Warden Bert L. Werder of San Mateo county.

IN EFFECT ELSEWHERE

The form of ordinance was in preparation for many weeks before being presented to the supervisors. Scott told them in asking that the measure be referred to the ordinance committee of the board for further study. This was done.

"The object is to bring logging practices and slash management, and burning, and provisions for re-forestation along the lines now followed by the principal operators of Mendocino, Humboldt and Del Norte counties," Scott explained. "These practices are covered by an agreement between the northern operators and the state forestry board," he declared.

The original foundation was the logging practices code set up by the NRA, Scott added.

The supervisors at their afternoon session also decided to attend a meeting in San Jose next Monday night of the Mission Trails Association at which it will be decided what, if any, participation the county will have in the coming 1939 world's fair in San Francisco.

Rudolph Hagen, 72, Passes in Hospital

Rudolph Hagen, 72, 10 years a resident of Redwood City since he retired from the San Francisco Fire Department, died early Monday morning in a San Mateo hospital. He had been ill for nearly five years.

Mr. Hagen was a native of Germany, but came to this country early in his youth. In Redwood City he was a member of the Oak Knoll Improvement Club and made his home on Upland drive, where his wife, Mrs. Augusta Hagen, survives him.

Others who live to mourn his death include two daughters, Mrs. Elsie Delucchi of Redwood City, and Mrs. Dora Fisher of Fillmore, Calif.; a granddaughter, Henrietta Delucchi, both of Redwood City.

IS IT ALL HERE?

That is the question Bobby Rutherford is asking herself about her camping outfit in the above photo, and she is answering her own question by using the Western Auto Camp Check List. The procedure of inspecting your outfit before you start on your trip is advised by the local Western Auto manager "invites local campers to secure one of these lists at his store."

MENLO PARK NEWS NOTES

Miss Susie Gale entertained her former schoolmates at a luncheon at her home on Glenwood avenue Monday afternoon. School day history was recounted and many stories of the school room were told to the amusement of all. About 50 guests were present to enjoy the happy afternoon. Miss Gale's mother, Mrs. A. Gale, assisted in entertaining the guests.

The old Liddicott Meat Market on the highway has been leased to a bakery firm that will occupy the premises shortly.

It was a safe and sane Fourth in Menlo Park. There were but few fires, principally small grass blazes and casualties. This was partly due to the law passed some time ago by the city council prohibiting the sale of fire crackers in Menlo Park. This is probably the first time in the history of Menlo Park that fire works were not sold. The result of the law showed its effects in saving property and preventing injuries.

Father Corbett of Santa Clara has taken the place of Father Rader while the latter is on his vacation. Father Corbett is a teacher at Santa Clara University.

St. Joseph's alumni will sponsor a barn dance on the 17th at the Linforth on Middlefield road. Al Seabright's orchestra is to furnish the music. It is to be an enjoyable event of the summer.

William Feeley Sr. had a sinking spell Tuesday and was alarmingly sick. He is improving now under the care of Dr. Gerlough. Mr. Feeley has been ill for a long time. He is one of the pioneer residents of Menlo Park.

The ancient Doyle building, for many years the home of the Menlo Park Recorder, is being dismantled and will be replaced by a modern structure. The proposed new building has already been leased for a period of 10 years. It is rumored that when completed it will be occupied by a large hardware firm. The old print shop was a landmark, erected many years ago and for years was used as a store room for the firm of Duff and Doyle.

John Shortridge came from Bakersfield to spend the holidays with his parents, Mr. and Mrs. Samuel M. Shortridge. Mr. Shortridge has built up a lucrative law practice in the southern city.

Mrs. Clarissa Ross, newly installed president of Menlo Park American Legion Auxiliary Unit No. 443 and Isabelle Weeden Lindquist attended installation of officers of Redwood City unit in Veterans' building last Friday night.

Mrs. Carroll A. Devoil and Mrs. Leon French will remain at the French summer place on the Mokelumne for a week longer.

Mrs. Frank Kelley and her children spent the holiday weekend with her sister, Mrs. Ruth Banks. Mrs. Kelley, formerly Margaret Walsh, resides in Richmond, where her husband is in business.

Mr. and Mrs. Vincent Sexton and their young son spent the Fourth with the former's aunt, Mrs. J. E. Weeden, and his brother, Thomas Sexton. They reside in Brentwood.

Mr. and Mrs. W. H. Weeden, their daughter, Isabelle Weeden Lindquist, and her children, Billy and Emma Roberta, returned from Monterey Monday. They will spend a few days in Salinas next week.

The committee in charge of the picnic given under the auspices of Menlo Park American Legion Post No. 443 wish to thank their many friends who attended and made the picnic a profitable as well as a splendid social affair.

Use of \$12,000 In Water Fund Urged for Line

Dog Control Measure Passed; Other Items Handled Here

Establishment of a municipally-owned and operated bus system to serve Emerald Lake, North Fair Oaks, Friendly Acres and outlying districts of Redwood City was strongly urged on the Redwood City City Council Monday night by its specially-appointed bus committee.

In making the principal report for the committee, Mayor Paul A. McCarthy cited eight advantages to be gained from the operation of such a system, which he urged be established with \$12,000 capital borrowed from the \$50,000 surplus funds available in the city's water department.

Discussion of the bus problem, which has been before the special committee at three meetings, was the main business before the council at its three-hour session in the city hall, although other definite action included passage of the ordinance requiring dogs to be on leash or confined after daylight hours; the authorizing of proceedings to pave Hillview avenue between Brewster and Hopkins, as petitioned for by a group of residents thereon; the referring back to committee for further study of the proposal to relax fire restrictions for building on El Camino Real; the referring to the city manager for more detailed information of the problem of building sidewalks on James and intersecting streets.

BUSINESS GAIN SEEN

In reporting on the bus question, Mayor McCarthy declared that the committee "concluded the establishment of bus transportation is feasible," pointing out as advantages to be gained therefrom:

1. Increase in the business done by local merchants through improved facilities for transportation of prospective customers to the business district.
2. Inducement to owners to improve property now less accessible because of the absence of cheap, comfortable, regular transportation to the center of Redwood City.
3. Inducement to build homes in Redwood City for families having but one automobile which is needed by the head of the family for his business or occupation.
4. A better public regard for Redwood City in the establishment of bus transportation with adequate modern equipment, since it would have a tendency to eliminate gradually the antiquated private equipment now in use.
5. Profits, since the operation of such a system should prove to be profitable, as it has in other cities, especially with increased population to come with an adequate system of transportation within the city.
6. Increased assessed valuation of property convenient to the bus line, resulting in indirect benefit to the city.
7. Economy of administration due to the fact the city already operates water and garbage collection and disposal systems and due to the fact repairs to equipment and other operation expenses could be performed by the city without material increase in personnel.
8. Prevention of the obtaining of the system by a private firm, which would have only profits, not public service, as its motive.

"We considered initial cost of equipment," Mayor McCarthy explained, "operative cost, expected income, tentative routes, hours of operation, compensation of employees, and other elements affecting the conclusion."

WOULD BUY TWO BUSES

The mayor suggested that two buses, to cost between \$8000 and \$9000, be bought at the start. They would cover between 70,000 and 80,000 miles a year, with operating cost figured at about 11 cents a mile the first year and 12 cents thereafter, the increase being due to increased cost of repair.

(See BUS SYSTEM Page 2)

County Fiesta Headquarters To Be Opened

A new headquarters secretary to the San Mateo County Products and Floral Fiesta and the creation of an official fiesta publicity bureau similar to that of last year were announced this week by General Manager Chester Lipman.

Mrs. Velma Cogburn, former Burlingame and San Mateo public stenographer, has been appointed secretary to General Manager Lipman. Mrs. Cogburn's appointment has been given the official sanction of the fiesta commissioners and she has officially accepted the job, it was announced.

Mrs. Cogburn will take over the post upon the opening of fiesta headquarters at 116 E street, San Mateo, which is scheduled for July 12, Lipman said.

The publicity bureau, as was the case last year, will be made up entirely of local newspapermen.

Francis A. Raymond, staff newspaper correspondent on the peninsula, will head the bureau and be assisted by Fred Glover, Redwood City Tribune; William Pedigo, Burlingame Advance-Star and Geoffrey Curran, San Mateo Times.

Under the same publicity bureau set up last year and the same staff, the fiesta received 18,000 inches of publicity in local and metropolitan newspapers, news services and magazines with far-reaching circulation.

Meanwhile the fiesta commissioners were facing the task of putting on the finishing touches to plans for the big event at Bay Meadows September 23 to 26.

"We still have a big job before us," said Fiesta President Bruce Gibson, "and that means a lot of work. Success of this event is the only reward we seek."

San Carlos Woman Dies After Illness

Having been in ill health for some time, Mrs. Louise Raboli, who has lived in San Carlos for the last four and a half years, died late Sunday at home, 917 Rosewood avenue.

She was the widow of the late Peter Raboli. She was a native of Northern Italy. Her body was to be taken today to Petaluma for funeral services Wednesday, according to the Layng & Tinney Mortuary, which shipped the body north.

FACES TWO GUN CHARGES

Dave Knowlden, 58, San Francisco carpenter, was booked at the county jail here Wednesday on double charges of a statutory offense and possession of a deadly weapon. Arrested by Daly City police in co-operation with the sheriff's office, Knowlden was arrested carrying a .32 caliber revolver. The arrest took place in Mandots Dairy, Colma, according to Undersheriff Lawrence Nieri and Deputy Hugh Williams.

'Chestnut Street Playground' Made Official Name

It's officially "Chestnut Street Playground" now.

Indulging in a little contest of their own, the council Monday night decided to give that name to the recently-constructed playground at the corner of Chestnut street and Middlefield road.

The question of a suitable name for the popular recreation center came up when it was decided, on motion of Councilman Eva, second of Councilman Fletcher, to build a comfort station on the grounds, at a cost of approximately \$500.

The name Middlefield road playground was decided against because of the fact that thoroughfare runs through several towns, any of which establish playgrounds on it, leading to confusion in names with other cities' playgrounds. Phelps playground was suggested by Councilman McNulty in honor of the late Timothy Guy Phelps, whose name Middlefield road once bore.

But the suggestion of Chestnut street playground, made by City Attorney Mansfield, was held to identify the playground more satisfactorily, and it was adopted unanimously on a motion made by Councilman Fletcher and seconded by Councilman McNulty.

Million Dollar Hospital Unit Is Objected To

Veterans' Bureau Head Says New Building Here Needless

Legislation providing for the erection of an addition to the Veterans' Administration Hospital at North Palo Alto, in San Mateo county, at a cost not to exceed \$1,000,000, is now being considered by the committee on World War veterans' affairs of the house of representatives, following introduction of a bill by Congressman John J. McGrath.

The bill, however, is opposed by Frank T. Hines, administrator of the Veterans' Bureau.

The measure would authorize the administrator of veterans' affairs, subject to approval by the president, to contract for the construction of a fireproof, strictly modern 250-bed patient capacity infirmary addition, for the care and treatment of general medical and surgical disabilities.

MANY FACILITIES

Contemplated hospital and outpatient dispensary facilities would include necessary buildings and auxiliary units, mechanical equipment, approach-work, roads, track, sidewalks abutting the hospital reservation, vehicles, livestock, furniture, equipment and accessories, accommodations for officers, nurses and attending personnel, together with recreational centers.

The construction would be done in such a manner as the president might determine, and he would be authorized to hire the architectural, engineering, constructing or other forces of the departments of the government, if in his opinion desirable, at such compensation as he might consider reasonable.

In a report submitted to the committee Administrator Hines of the Veterans' Bureau states that he is unable to recommend the McGrath bill.

Local Entries Asked In Animal Exhibit

An animal pavilion similar to that at the current Paris Exposition is being planned for the 1939 Golden Gate Exposition. V. Collins, secretary of the state humane society, announced here today in an appeal from San Francisco.

He asked that pictures and objects of special interest in relation to animals, their psychology or heroism, be sent to the state society, or to the volunteer campaign committee for a state humane pound act, 406 Sutter street, San Francisco. Such items would be used in the pavilion, he said.

THREE WEEKS AFTER ACCIDENTInfection Proves Fatal to G. B. Cruikshank;
Other Driver's Name Unknown

Death crept slowly on George B. Cruikshank, 58, of East Palo Alto, to mark up San Mateo county's 29th traffic fatality for 1937. Injured three weeks ago in a minor automobile accident at the O'Connor street intersection with the Bayshore highway, in East Palo Alto, Cruikshank died late Wednesday in Mills Memorial Hospital, San Mateo.

The crash was such a trivial one that reports of it were not given to the state highway patrol bureau here. Later, however, physicians discovered that Cruikshank had a fractured shoulder.

When infection set in two weeks ago, he was taken to the hospital. Neither police nor patrol records disclosed the name of the driver of the other machine. Cruikshank's friends said the other driver was a Menlo Park man.

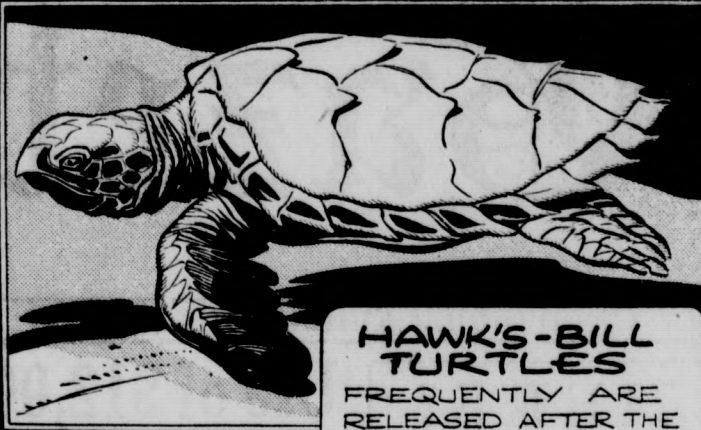

The traffic death was the first in San Mateo county since June 1, when John Biggs, 67, itinerant, was killed near South San Francisco beneath the wheels of the machine of S. H. Cappler, 20, of Daly City.

Cruikshank was part owner of a Palo Alto blacksmith firm.

He is survived by his widow, Mrs. Laura Cruikshank, and two sisters and two brothers.

THIS CURIOUS WORLD

By William Ferguson

HAWK'S-BILL TURTLES

FREQUENTLY ARE RELEASED AFTER THE PLATES, KNOWN ON THE MARKET AS "TORTOISE-SHELL," ARE REMOVED! THEORY HAS IT THAT THE TURTLE GROWS A NEW SET OF SHIELDS TO REPLACE THOSE IT HAS LOST.

The BLOOD OF INSECTS IS EITHER GREEN OR YELLOW.

The EARTH'S CRUST RISES AND FALLS ABOUT NINE INCHES WITH THE GRAVITATIONAL PULL OF THE MOON.

COMMERCIAL "tortoise-shell" is removed from the hawk's-bill turtle's shell by heating it, which causes it to peel. The theory that the material will grow back is not entirely correct, since the new growth is only a thin veneer, and of no commercial value.

'Billy the Shepherd' Of Stanford Passes

PALO ALTO, July 7—"Billy the Shepherd," otherwise known as William McCullough, died last night in Palo Alto Hospital after a lingering illness. He was thought to be about 75.

Up to three years ago, McCullough herded Stanford's famous flock of sheep, which was sold at that time. Since then he has been under the guardianship of Almon E. Both, former controller of the university.

Surviving the colorful character are two sisters, Mrs. Mary Ann Bestford of England and Mrs. Elsie McMullin, Chicago, and a brother, John McCullough of Chicago.

Funeral services will be held Friday at 3 p.m. from the Tinney Funeral Home in Palo Alto.

Sunnyvale Dry Is Candidate

Robert McCaw of Sunnyvale had his hat in the political ring today with announcement of his intention of being a candidate to succeed Congressman John J. McGrath of San Mateo in 1938.

The former Sunnyvale post office clerk, now an employee of a warehouse there, said he will run on a Prohibition Party ticket.

"I am in favor of honest, conservative policies along true American lines," McCaw announced. "I believe the time has come to regulate strikes by law, and to give business a chance to establish a real and lasting prosperity with very few restrictions. When business prospers, labor prospers."

Bus System Is Urged Here

(Continued from Page 1)

pairs after the first year of operation of buses.

The loan from the water department, to bear 4 or 5 per cent interest, could be repaid from earnings, it was figured, or in event of insufficient earnings at the beginning, could be repaid with a 3-cent tax levy over a three-year period.

Councilman Evans A. Fletcher, a member of the committee, strongly backed up Mayor McCarthy, as did City Manager C. L. Dimmitt, who supplemented McCarthy's written report; W. L. Cavanagh, former Greyhound manager here; Roscoe D. Wyatt, secretary-manager of the Redwood City Chamber of Commerce; A. T. Smith, representing the Highlands District Improvement Club, and others.

TWO ROUTES PROPOSED

The question of routes and schedules was broached, with Mayor McCarthy explaining that it had been considered running the two routes, one terminating at Emerald Lake, with a possibility that it might swing through San Carlos, and the other taking in North Fair Oaks and Friendly Acres.

City Atty. Albert Mansfield said that no railroad commission permission nor permits from the County of San Mateo or other municipalities would be needed for the city to inaugurate the bus system.

Schedules would conform to demand, with it being likely that half-hour runs would be established at peak morning and evening hours, with one-hour or two-hour intervals between runs in slack periods of the day, giving each bus some 40 trips a day, operating between 6:30 a.m. and 10:30 p.m.

The question of operating outside the city was considered after Councilmen Louis Christensen, James M. Eva and George McNulty had brought up the feasibility of using city funds to establish and operate a system to areas outside the corporate limits, but bus committeemen were firm in their belief the system would pay for itself from the start.

OTHER BUSINESS With the information before them, the council decided to put the question over until the next meeting, to give members time to mull over facts presented to them.

Other matters before the council included the decision to attend in a body the July 15 meeting in South San Francisco of Peninsula Division, League of California Municipalities, at which new legislation will be discussed; decision to have minutes of the Board of Port Commissioners mailed to council members; postponement of a report on city hall costs until the next meeting; decision to send a representative to San Francisco to interview 200 residents there who own Redwood City property on which assessments have become delinquent to see if they will give the city a quitclaim deed to the property to avoid foreclosure; discussion of the setting up of a fund for the city's share of the state "in lieu" automobile tax; the request by Councilman Fletcher that a rope or hand rail be installed on the Yacht Harbor swimming float, which City Manager Dimmitt agreed to do; decision to meet again next Friday to consider further the new budget.

Revised Wage, Hour Bill Meets Approval

WASHINGTON, July 8—The senate education and labor committee today voted a favorable report on a revised wages-hours bill creating a labor standards board with authority to fix wages up to 40 cents an hour and establish work weeks of 40 hours or more.

WHY SUFFER

with ECZEMA When Others Fail try Our CHINESE HERB HERE IS PROOF:

Yee & Ko Herb Co.,
I want to thank you for curing my hands of eczema. After suffering for 15 years with cracked, bleeding hands and waking up in the night with terrible itching, it's no wonder I am thankful to you.
I have tried doctor after doctor, everything advertised for eczema in papers, in fact, I tried everything, and after the first three doses of your medicine I could see my hands get better. After about five weeks of your medicine, my hands are entirely well and haven't any sign of it coming back.
Again I thank you, I am,
Sincerely yours,
(Signed) MRS. M. B. BUCK, Wash.

PREPARES FOR ASCENSION

Prof. Jean Picard (right), strato-scientist, and Allen Corey, University of Minnesota radio engineer, are shown installing apparatus in the gondola in which the professor will ascend from Rochester, Minn. A cluster of 80 balloons, about four and a half feet in diameter, will lift the gondola.

Installation Begins
On Play Equipment

Installation of new playground equipment at Hawes Park was scheduled to begin today. City Manager C. L. Dimmitt announced.

The equipment, purchased for \$275 from George A. Merrill of the Lux School, where it was used as demonstration facilities, is in excellent condition, Dimmitt said. The original price was \$656.

Included are an all-wood slide, a giant slide, a two-teeter outfit, a set of parallel bars, traveling rings, a two-chair swing, a medium-sized slide, trapezes, and a combination group that features rings, trapezes, horizontal and vertical bars and ladders.

The area behind the Roosevelt avenue landscaped frontage will be the playground site, Dimmitt said. It will not interfere with the parking area now devoted to automobiles driven to the night softball games.

Dimmitt estimated it would be at least two weeks before the installation is completed.

Local Crash Brings
\$12,500 Court Suit

Mr. and Mrs. Herbert D. Griffiths, 112 Ramona street, asked \$12,500 damages today from Mr. and Mrs. Antonio Florian, 306 Buckeye street, in a superior court suit growing out of an automobile accident last April 26 at the Main street and Middlefield road intersection.

In the accident Mrs. Griffiths suffered a fractured nose and other injuries, the complaint prepared by Atty. Wayne R. Millington set forth. Griffiths asked \$2500 damages; the rest was sought by his wife.

Simmen's Yachting
Party Saves Group

Four San Mateans and a Redwood City man figured Monday in the rescue near Martinez of a party of four San Franciscans whose yacht drifted loose from its moorings, keeled over on a sandbank and filled with water.

The peninsulans were on the yacht, "Beauty Rest No. 2," of Mayor Frank P. Simmen of San Mateo. The party included Fred Duttwiler of Redwood City, May or Simmen, George Ward, C. E. Platt and W. L. Krell, all of San Mateo.

Early yesterday morning they were awakened by shouted cries for help.

Investigating they found the yacht "Sea Breeze" capsized. The occupants of the boat had clung to the slippery keel for six hours. They were clad in night clothes.

After taking Mr. and Mrs. Henry Conrad of San Francisco and another couple with them onto Simmen's boat, the peninsulans pulled Conrad's craft off the bank, made it fast and then took the San Franciscans to Martinez.

Conrad is a prominent San Francisco business man. The rescue was made in Suisun slough, above Martinez, according to Duttwiler.

suffered a fractured nose and other injuries, the complaint prepared by Atty. Wayne R. Millington set forth. Griffiths asked \$2500 damages; the rest was sought by his wife.

2389 ANIMALS HANDLED TO PUT
POUND IN BIG BUSINESS CLASS

The meows of 1277 stray cats out-chorused the bark of 897 wandering dogs during the past fiscal year, from July 1, 1936, to June 30, 1937, the annual report of the Redwood City Pound, submitted by Humane Officer Allan McKay, revealed today.

That the local pound has become a big undertaking was shown by the figures. Some 2389 animals received care, while \$1273.25 in licenses and collections was taken in.

Besides the horde of dogs and cats, 104 fowls, 21 horses, 13 rabbits and 7 goats were impounded during the year, not to mention the 70 miscellaneous animals, which included racoons, chipmunks and perhaps even a unicorn or two, who knows?

Of the 2389 animals, 161 were either redeemed or sold. Many of those destroyed were by request of the owners, who took advantage of the pound's humane way of doing things.

STATE PATROLMAN AVERTS DEATH
BY GRIPPING AUTO RUNNING BOARD

SAN MATEO, July 6.—Serious mauling or injuries which might have resulted in his death were averted today by a state highway patrol officer, due to instinctive action when thrown beneath a moving automobile.

The officer, Joseph P. Hallisy, San Francisco, who is stationed on the Golden Gate Bridge, was only bruised and badly scratched when the moving car dragged him 60 feet as he gripped the running board and kept the car's wheels from crushing him.

Northbound, the officer was in the fast lane of traffic when an unidentified motorist turned left from the slow lane without warning. Capt. John J. Hartnett of the Burlingame police reported.

Swerving to the right to miss the car, the patrolman hit the left side of the machine of P. G. Hinchcliffe, Burlingame, who had just turned out of the intersection.

With the impact, which came as the motorcycle hit the front fender and door of the Hinchcliffe car, Patrolman Hallisy was thrown under the automobile. Gripping

her daughter, Mrs. Betty Shanks of Atherton, and a sister, Mrs. Clara Haug of Atherton.

Livestock Pavilion Wins Right to Funds

Financial assistance for the Visitation Valley livestock pavilion, located just inside the northern boundary of San Mateo county, has been assured with signing by Governor Merriam of a bill authorizing San Francisco to pay over to the pavilion directors such moneys as the authorities may determine are needed.

With the financial obstacle gone, it is expected that the project will

American tourists spent an estimated \$495,000,000 abroad in 1936. The average city of 100,000 has 12 homicides a year.

Marjorie Gatenon, actress, played leading roles on Broadway for 15 consecutive years.

be rapidly completed. It is hoped by the directors that they will be able to win the Seventh Annual World Poultry Congress for the pavilion, which is to be the scene of livestock exhibits in connection with the San Francisco 1939 exposition.

LEGAL

Bell and Anderson, Attys. NOTICE OF SALE OF REAL ESTATE

No. 7209—Dept. No. 1

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA IN AND FOR THE COUNTY OF SAN MATEO.

In the Matter of the Estate of FRANK BROWN, Deceased.

Notice is hereby given that the undersigned administratrix of the estate of Frank Brown, deceased, will sell at private sale to the highest bidder for cash and subject to confirmation by said Superior Court, on Monday, July 19th, 1937, at the hour of three o'clock P.M. or after said day, at the law office of Bell & Anderson, in the San Mateo County Building, 2024 Broadway, in the City of Redwood City, County of San Mateo, State of California, all the right, title, interest and estate of the said Frank Brown at the time of his death, and all the right, title, and interest that the said estate has by operation of law or otherwise acquired other than or in addition to that of the said Frank Brown at the time of his death in and to that certain parcel of land particularly described as follows, to-wit:

That certain parcel of land situate in the City of Redwood City, County of San Mateo, State of California, and particularly described as follows, to-wit:

Lot No. 13 of the ROUSSEL SUBDIVISION, a portion of the McEvoy Ranch, as per map of the same, filed in the office of the County Recorder of the County of San Mateo on the 25th day of July, A. D. 1905, and of record in map book 3, page 69 thereof.

TOGETHER with the improvement thereon.

Bids or offers are invited for said property and must be in writing and will be received at the law offices of Bell & Anderson, San Mateo County Building and Loan Association Building, 2024 Broadway, Redwood City, California, attorneys for said administratrix, or may be filed with the Clerk of the said Superior Court of the State of California, in and for the County of San Mateo, or delivered to the said administratrix personally at any time after the first publication of this notice and before the making of said sale.

Terms and conditions of sale: Cash in lawful money of the United States of America, ten per cent of the purchase price to be paid on day of sale, balance on confirmation of sale by the Court. Deed at the expense of purchaser or purchasers.

DATED: June 30, 1937.

MRS. MAE SILVA, Administratrix of the estate of Frank Brown, deceased.

BELL AND ANDERSON, Attorneys for Administratrix, 2024 Broadway, Redwood City, California.

Published in Peninsula Beacon, July 2, 9, 16, 1937.

Florida farmers harvested 32,000 bales of cotton from 90,000 acres in cultivation last July 1.

Yosemite Victim Former R. C. Boy

Edward Fleischer, 16-year-old Berkeley school student, Wednesday told of his experiences during the 18 hours he was marooned on a narrow ledge 1000 feet above Yosemite valley on the sheer granite cliff of Glacier Point.

Young Fleischer, it was learned, is a former Redwood City resident. He lived here four years while his father, Paul S. Fleischer, was employed by the Redwood Auto Service Company. Before that the Fleischers lived in Menlo Park, while the father was employed by the federal laboratory in Palo Alto.

The family left Redwood City a year ago when the father took a position as mechanic at the University of California.

Fleischer, who was rescued by Rangers after spending a cold night on the slanting rock shelf, clung to a small tree cropping out of the ledge "to keep me from falling off."

Edward said he became lost when he separated from his father during a hike.

"I worked my way down the cliff, shelf by shelf, in the belief I would eventually reach the valley floor by a prettier route. I

State Gets \$103,029 From S. M. County

Of the \$3,000,000 semi-annual settlement of county treasurers with the state, \$103,029.57 was contributed by San Mateo county.

Of this latter sum, sent by Treasurer A. H. Sagehorn to State Controller Harry B. Riley, \$100,914 was inheritance taxes paid over to Sagehorn for estates handled here.

The rest included the county's share of the costs of seven state homes and institutions, with the largest contribution, \$3029, going to the Sonoma State Home.

Los Angeles county paid \$1,224,737, while San Francisco paid \$716,886 for the January to June, 1937, period.

EASTSIDERS TO MEET

Progress in construction of the park along the Main street approach to the Bayshore highway is expected to be the main topic of discussion of members of the East Redwood City Improvement Club, which meets in the Central Schoolhouse at 8 o'clock tonight, Manager C. E. Holt announced.

Finally got to the last ledge and couldn't go any farther. I couldn't go back, either, so I stayed there.

Hammer Fight Takes Two to Hospital

Having celebrated the Fourth of July with hammer blows instead of fireworks, according to Redwood City police, Joseph Austin, 60, and Jack Rodgers, 36, both of 908 Bradford street, were treated overnight at Community Hospital for severe head wounds.

Police said the two men, getting into a dispute, struck each other over the head with a hammer. Austin suffered a head wound that was feared at first to be a skull fracture but turned out to be not so serious.

Both men were badly cut. Austin was still being kept at the hospital today, due to be released tonight; Rodgers was released this morning. They were given emergency treatment by Dr. Robert Monteith.

LAKE AREA SHED BURNS

When a grass fire got out of control of A. Higgins, Summit drive, the flames destroyed a small shed in back of a house he is having rebuilt, burned a small quantity of lumber and burned part of the underpinnings from beneath the house. The county fire department extinguished the fire late Tuesday in the Emerald Lake district.

Interesting facts about Bank of America

Bank of America has more than two million depositors—or approximately one out of every three Californians.

These depositors are served by 8,000 men and women who are trained in every phase of modern banking.

Bank of America workers—8,000 strong—are your neighbors. They are also the good customers of California merchants, manufacturers and farmers. They represent a heavy volume of buying power which is directed every month into the channels of business and agriculture to the benefit of the entire state.

The combined funds of Bank of America's depositors—totaling more than one and one-quarter billion dollars—are being constantly employed to meet the heavy seasonal requirements of agriculture and industry in all sections of California.

Bank of America is in a position to concentrate capital where it is most needed. This mobility of capital exerts an important stabilizing effect upon California's economic structure.

Bank of America's assets are highly diversified in character and are widely distributed throughout California.

Each one of Bank of America's 483 branches throughout California is protected by all of the state-wide resources of the institution. Each branch has the strength of ALL.

Bank of America state-wide banking has withstood every test—has met every demand—has supplied every financial need—and has proved its value to a great state.

Your funds placed with Bank of America become immediately active in the development of California as a whole.

County Office Building Fund Gains Favor

San Mateo county's request for an \$81,818 Public Works Administration grant for a new county office building which it was planned would be located on Marshall street across from the courthouse in Redwood City is one of 230 California projects "technically eligible" for allocations under the new two-year program authorized by congress, according to Associated Press dispatches from Washington.

The listing of the office building grant as "technically eligible" gives it preferred status on PWA rolls, it was explained.

If all the \$159,923,946 worth of projects should be allotted funds by the president, the total government contribution would amount to \$65,271,819, including grants totaling \$60,433,000 and loans aggregating \$4,838,000.

PWA officials estimate, however, that only about one-half of the 5725 projects on their final ap-

Highway Completion Favored By Chamber

Endorsement of the movement for speedy action on the Ocean Shore highway in preparation for the 1939 Golden Gate Exposition and decision to attend the San Mateo-Santa Clara county chambers of commerce meeting in San Mateo July 14 were unanimously given by the Redwood City chamber's board of directors Tuesday afternoon.

The motion to support continued progress on the Ocean Shore development was introduced by Duncan Reynard. From 10 to 15 local citizens, including Mayor Paul A. McCarthy, Chamber Pres. Perry Bygones and Planning Commission Chairman Henry Witte, as well as chamber members, are planning to attend the San Mateo dinner meeting, Secretary-Manager Roscoe D. Wyatt said today.

The Canal Zone is a strip of land extending five miles on each side of the Panama Canal. It is a United States government reservation.

proved national list actually will share in the program, due to lack of funds.

\$26,000 Budget Seen for Port In First Year

Budget matters and discussion of port equipment occupied the Redwood City Port Commission at its regular meeting Tuesday.

Newly-appointed Port Manager Walter F. Murphy estimated approximately \$12,000 would be needed for equipment, which expense combined with salaries and regular operating costs, would bring the total first year's budget close to \$26,000.

It is expected the estimates will be brought shortly before the city council for approval.

Only action taken was passage of a resolution making the local commission a member of the Marine Department of the San Francisco Chamber of Commerce, passed unanimously by Chairman E. B. Hinman and Commissioners E. S. Hurrell, Henry A. Beeger and John McCarthy. Commissioner H. W. Edmonds was absent.

The Pennsylvania Forestry association celebrated its 50th anniversary in September, 1936.

Paul C. Galleher, Retired Officer, Passes Suddenly

Col. Paul C. Galleher, 66, retired army officer and overseas veteran of three wars, died suddenly Sunday at his home, 619 Hopkins avenue.

When Col. Galleher was stricken suddenly, after being in poor health for a year, a local physician called the Redwood City Fire Department for an inhalator.

The inhalator squad sped to the home, but were met at the door with notice that the officer had already been overtaken by the death which he had escaped on the battlefields of the Philippine Islands and France.

Col. Galleher was retired from active service two years ago in Los Angeles and had made his home here with Mrs. Caroline Galleher and their two young sons, Thomas K. and David S. Galleher, who survive him.

The officer was the son of the late Bishop Nicholas Galleher, protestant Episcopal Bishop of Louisiana. His sister, who also survives him in Louisiana, is the widow of the late David Sessom, also a Louisiana Bishop. A brother survives in Washington, D. C.

The two sons, both at the Pescadero Boy Scout Camp, were notified today of their father's death.

Col. Galleher was a member of St. Peter's Episcopal Church here.

His army records, which included infantry service in the Spanish-American, Philippine Insurrection and World Wars, saw him rise from a captain in the Kentucky Infantry in 1898 to a colonelship in 1926.

Forty-two of the 55 highest mountain peaks in the United States are in Colorado.

Gold production in Texas during 1935 increased 44 per cent over the 1934 output.

Berkeleyan Tells Story

BURLINGAME, July 7.—Unhurt except for minor cuts and bruises, G. L. Meilink, Berkeley, was resting at his home today, marveling at his miraculous escape when his sedan left the Bayshore highway below Mills Field, rolled over for nearly 1000 feet and came to rest in five feet of water in a drainage ditch.

"I don't know what happened," Meilink said. "I can't tell how I got out of the car when it was in the water. I was just scared to death and climbed out."

The automobile, almost a total wreck with nearly every pane of glass broken, was pulled from the ditch by a wrecking crew about 9 a.m. The accident apparently happened about 3 o'clock, it was said.

First word of the accident was telephoned to Burlingame police at 6:45 a.m. by Mrs. Meilink at Berkeley, who said she wished to report the crash, and added that an insurance adjuster would handle the details.

Investigating Officer J. M. O'Brien found the car on its side in the ditch, almost entirely covered by water. State highway patrol officers took charge upon notification of the accident, which was at the Millbrae intersection a mile north of Burlingame city limits.

Mrs. Meilink said her husband's injuries were only "a bump on the head, several cuts, some bruises and he was badly shaken up."

The Cincinnati Reds have the National league's shortest manager in Charley Dresen and the tallest coaches in Tom Sheehan and George Kelly.

A judge in Louisville, Ky., recently sentenced a man to a jail term for driving a bicycle while under the influence of liquor.
